

Lr.No.SPMS/001/2020

Dear Parents,

Dated: April 11, 2020

“There is never a barrier too strong which can stop one from Learning”

Bearing this in mind, St Peter's Model School has taken the initiative to provide Online Worksheets, which will enable the students to revisit, learn and practise, important concepts and skills. We would like to encourage all parents to spend time with their children in guiding them in learning and completing the worksheets.

These worksheets will be graded and marks will be considered towards the total academic performance of the child.

The Worksheets are available *Grade-Wise* on the School Website. All students may complete the work in a separate “Note- Book”. They may have one notebook for each subject or even maintain work of all subjects in only one notebook.

Every Saturday, starting from 11th April, there will be new set of worksheets uploaded on the website. Each completed worksheet may be scanned and softcopy is to be emailed to the concerned teacher mentioned on the “*Work Submission Teacher Information*”, available on the website. **All work must be submitted on Friday, every week, by 9pm.**

We appreciate your cooperation and all queries are accepted at spmshyd_india@yahoo.co.in

For further questions you may call +91-8688816699

Cheers to Social Distancing and Being Responsible!

regards,

Principal
St Peter's Model School
